APP	GOOGLE HOME

#### No hub required

GE Imagine is a A60 by Light Source Solutions that pairs to a Google account and uses Google services to connect to the Internet. For set up and full feature access including remote control, mobile alerts, and software updates, the A60 requires a compatible assistive device (full list available at [g.co/nest/assistivedevice](http://g.co/nest/assistivedevice)) and a working Internet connection over Wi-Fi, the free Google Home app, and an active Google Account. Minimum requirements are available at [g.co/nest/devicereq](http://g.co/nest/devicereq). Availability and performance of certain features are service-, device-, and network-dependent and may not be available in all areas. All features, functionality, and product specifications are subject to change without notice or obligation. Voice control with the Google Assistant requires a compatible smart device. Google, Google Home, and Google Nest Mini are trademarks of Google LLC.

### Seamless Setup

- 1 Plug in your Google Nest device
- 2 In the same room, fit the bulb and turn on the light
- 3 Download the Google Home App and follow the prompts to easily set up your smart bulb

#### Requirements:

- Free Google Home app and an active Google Account.
- Working internet connection over Wi-Fi.
- One of the following compatible assistive devices: Google Home, Google Home Mini, Nest Mini, Nest Hub Max, Nest Hub, Google Home Max, Nest WiFi, Nest Point.
- Full list available at [g.co/nest/assistivedevice](http://g.co/nest/assistivedevice)
